Urban League of The Upstate

COMMUNITY WELLNESS & EQUITY COLLABORATIVE

Empowering Health, Hope & Quality of Life

An integrated on-site hub uniting clinical behavioral health, occupational medicine, parent empowerment, and youth development in the heart of Greenville.

THE HISTORIC MCCLAREN MEDICAL SHELTER LEGACY

1949 EST.

Founded by Dr. Edward E. McClaren (1903–1985), an African American physician and Howard University graduate who provided vital care to Greenville's segregated Black community during Jim Crow. Preserved through community advocacy and the Urban League of the Upstate, this sanctuary carries its healing mission forward.
